* This Committee slightly altered its name over the years to the Committee on Appointments, Promotions and Tenure (CAPT). Also, because of the nature of its work, some files of various Departmental Advisory Committees (DAC) will be found interspersed, especially the Library Departmental Advisory Committee. As the name implies, the Committee's work was essentially to help oversee the question of appointments and promotions, thus the need for a departmental advisors committee to provide input to the larger university wide committee.

^{†††} These items are brochures, leaflets, or similar publications which the Community Relations Office either produced or was involved with in order to explain the rationale and makeup of the school, and to convey any other relevant information. It is conceivable that in a few instances some of these documents may have been produced by the State University General Headquarters, and then deposited at the Maritime Office. It should be noted that many dates are only approximate.

^{††††} These Registers (9 in number) listed the names and addresses of those visitors to the Chapel. Very occasionally, some visitors elected to write a very brief comment in the volume. These Registers are all the same in format and measure approximately 12x9". They are arranged in chronological order, essentially by first and last entries. In some cases, some dates fall outside the parameter of the bulk of the entries and two volumes overlap somewhat. Several of the Presidents or other officers of the College are found as first entries among the signatories.
